A Family Run Business

Belleayr.com

Located on the West Coast of Scotland, Belle Ayr Cats is run from our home.

We raise happy, healthy and socialised cats that enhance the lives of their owners. In achieving this we have become a world leading breeding cattery, with satisfied customers all around the world.

The cattery is managed strictly in line with our principal value, the welfare of the cats comes first. We exceed all our regulatory welfare standards.

Belle Ayr Peace of Mind

Our kittens are TICA club registered. TICA has certified Belle Ayr an Outstanding Cattery in their quality recognition programme.

Kittens under one year old, and sold within the UK, are provided with four weeks free insurance.

All of our active cats are given a fit-to-travel check by our vet prior to departure. These can be issued to pets for a fee.

Import and Export

We are experts in importing and exporting cats to and from the UK; specialising in Singapore, UAE, Australia, New Zealand and the USA.

Executive Travel

We offer an Executive Travel Service to our clients who travel by private aircraft. We deliver the kitten to the airport, with all the paperwork completed, allowing the cat to fly home with the owners in the cabin.

Our Breeds

British Shorthair and British Longhair Cats

Our British Shorthair cats and British Longhair cats are exclusive and endearing in equal measure. Their bright and friendly nature, along with their vividly distinctive eye-catching colour combinations makes them irresistible.

Our Exotics

Exotics are cuddly, good natured and very affectionate. They get on well with children and other pets and their placid nature makes them ideal house cats.

Discover the Power and Poise of our Maine Coons

This stunning breed makes its presence felt with striking elegance and powerful features. They are dynamic, intelligent and kind, making them the most loyal of companions.

Blue Eye Programme

We are the only UK pedigree registered cattery that has the extremely rare, stunning, Blue Odd-Eyes (DBE) in Golden and Silver cats.
